

I have known Sharon professionally, for the past five years as she has been working alongside one of my deaf tenants. Her skills both as an enabler and BSL signer are second to none. I have seen my Tenant grow in confidence and become a more independent, well rounded individual. Sharon has worked alongside my Tenant enabling her to build a tool box of life skills and problem solving techniques. Sharon has been invaluable as an interpreter between me and my tenant making communication a lot clearer. Sharon provides a caring, understanding and compassionate service. I have no hesitation in recommending this very special lady. I wish BSL enabling every success for the future.

Ann Butler (Housing Support Coordinator)
