To Whom It May Concern

I am delighted to be asked to provide a testimonial for Sharon Brown who I have had the pleasure of working with.

Sharon works with one of my patients who requires regular and often complex medical input. I have seen her frequently and observed the positive affect she has on my patient's life and it is clear to see how much my patient appreciates her care and input. I can confidently say that the improvement in her care is down to the huge effort Sharon puts in, often going over and beyond to help her.

Yours faithfully

Dr Karen Cavan
