Testimonial for Sharon Brown. 16/03/18

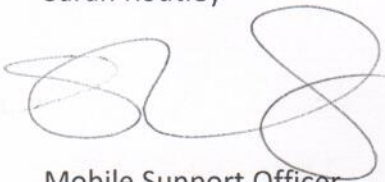

I have known Sharon for nearly 2 years. She supports some of my tenants that live in Supported Accommodation in Exmouth.

Her support is invaluable to her service users. She enables them to retain their independence and promotes their health and wellbeing. Sharon keeps in regular contact with myself and my colleagues and offers suggestions on best possible lines of communication.

Sharon responds immediately to any questions that may arise which enables me to carry out my role effectively, whilst minimising any undue stress or anxiety for the tenant.

Sharon is kind, empathetic and friendly and offers support above and beyond expectations.
