

Sharon has been using the Kennaway Centre for almost a year - organising, promoting and supporting the hugely popular British Sign Language taster sessions, to the community of Exmouth.

Sharon is passionate about raising awareness of BSL to the residents and businesses in the area and does it with such enthusiasm and care. She is friendly, reliable, very supportive and engages with each and every person, to encourage and motivate the learners through the taster course and those on the accredited course at the centre.

Regards

Vanessa Jackson
